

DESCRIPTION:	YEAR
REFERENCE LIST FOR CHLOR/ALKALY PLANT MEMBRANE & DIAPHRAGM TECHNOLOGY	
N° 1 diaphragm plant for hypochlorite production 5.000 Lt/day at 100 g/l. - SODRAS (DJIBOUTI).	1989
N° 2 diaphragm plant for hypochlorite production 6.000 Lt/day each at 110 g/l. – SADA S.A. (MALI).	1992
N° 2 diaphragm plant for hypochlorite production 2.000 Lt/day each at 100 g/l. - GHION (ETHIOPIA).	1997
N° 1 diaphragm plant for hypochlorite production 5.000 Lt/day at 100 g/l. - GHION (ETHIOPIA).	2000
N° 1 diaphragm plant for hypochlorite production 1.000 Lt/day at 100 g/l.- ADDIS BLEACHING (ETHIOPIA).	2000
N° 1 diaphragm plant for hypochlorite production 1.500 Lt/day at 100 g/l. - CHORA GAS (ETHIOPIA)	2001
N° 1 diaphragm plant for hypochlorite production 5.000 Lt/day at 100 g/l. - GHION (ETHIOPIA).	2002
N° 1 membrane plant for hypochlorite production 13.000 Lt/day at 150 g/l. - ECOCHIMEX (ALGERIA)	2007
N° 1 membrane plant for hypochlorite production 40.000 Lt/day ta 150 g/l. - SOUTH OIL COMPANY (IRAQ)	2010
N° 1 membrane plant for hypochlorite production 6.500 Lt/day at 150 g/l. - GHION (ETHIOPIA)	2012
N° 1 diaphragm plant for hypochlorite production 1.500 Lt/day at 100 g/l. - CHORA GAS (ETHIOPIA)	2012
N°1 membrane plant for hypochlorite production 13.000 Lt /day at 150 g/lit - “2AT” Shpk (ALBANIA)	2015
N°1 membrane plant for hypochlorite production 20.000 Lt /day at 100 g/lit - Cloronor (ARGENTINA)	2016
N°1 expansion of membrane plant for 13.000 Lt/day at 150 gr/lit - “2AT” Shpk (ALBANIA)	2016
N° 1 New diaphragm Poliramix plant for hypochlorite production 2.000 Lt/day at 120 g/l. - Sarl Atig chlore (ALGERIA)	2016
N° 1 New diaphragm Poliramix plant for hypochlorite production 7.000 Lt/day at 120 g/l. - Lamis detergent (SIRIA)	2017
N°1 membrane plant for hypochlorite production 10.000 Lt /day at 190 g/lit - Sevhimprom (SEBASTOPOL CRIMEA)	2017
N°1 expansion of membrane plant for 10.000 Lt/day at 100 gr/lit - GHION (ETHIOPIA)	2017
N°1 New diaphragm Poliramix plant for hypochlorite production 1.000 Lt/day at 100 g/l. - Addis Bleaching (ETHIOPIA).	2017
N°1 membrane plant for hypochlorite production 50.000 Lt/day at 150 g/l - Meking manufacturing	2018

(MALAYSIA)	
N°1 membrane plant for chlorine gas production 1500 Kg /day - Selen (FEODOSIA CRIMEA)	2018
N°2 New diaphragm Poliramix plant for hypochlorite production 7.000 Lt/day each at 120 g/l. - Lamis detergent (SIRIA)	2018/2019
N°1 New diaphragm Poliramix plant for hypochlorite production 4.000 Lt/day at 120 g/l. - K-Chimie (CONGO)	2018
N°1 New diaphragm Poliramix plant for hypochlorite production 2.000 Lt/day at 110 g/l. - Canal Suez (SPAIN)	2019
N°1 membrane plant for hypochlorite production 6.600 Lt /day at 150 g/l - Costas Charalambides & Sons (CYPRUS)	2019
N°1 membrane plant for hypochlorite production – 10.000 lt/day @ 100 g/l - Chora Gas & Chemicals ETHIOPIA (works in progress)	2020
N° 1 membrane plant for hypochlorite production – 25.000 lt/day @ 100 g/l - Chloro Leon ECUADOR (works in progress)	2020
N°1 New diaphragm Poliramix plant for hypochlorite production 2.000 Lt/day at 110 g/l. - Madrid Rejas (Spain) (works in progress)	2020-21
